# Giramoni RajeevPrakash

Email: giramonirp@gmail.com Mobile: +91-6309735949 Hyderabad, Telangana, India

#### **PROFILE SUMMARY**

Results-driven Data Analyst with a Bachelor's degree in Computer Science and Engineering. Strong foundation in SQL, Python, and Data Analysis techniques. Proficient in data visualization, database management, and statistical analysis. Experienced in working with structured and unstructured datasets, creating insightful reports, and implementing data-driven decision-making strategies. Quick learner with excellent problem-solving skills, attention to detail, and the ability to work in fast-paced environments. Seeking to leverage analytical skills to drive business intelligence and optimize decision-making processes.

#### **PROFESSIONAL EXPERIENCE**

#### **Data Analyst Intern**

#### Vidyayug India, Hyderabad | April 2024 - September 2024

- Analyzed large datasets to identify patterns and trends, supporting data-driven business decisions.
- Utilized **SQL** and **Python** to clean, process, and analyze data from various sources.
- Developed data visualizations and dashboards using Power BI/Tableau to present insights.
- Assisted in optimizing database queries for improved efficiency and performance.
- Collaborated with teams to understand data requirements and provide actionable recommendations

#### **TECHNICAL SKILLS**

- Programming Languages: SQL, Python (NumPy, Pandas, Matplotlib, Seaborn), C
- Databases: MySQL, PostgreSQL
- Data Visualization Tools: Tableau, Power BI, Matplotlib, Seaborn
- Technologies: Excel (Pivot Tables, VLOOKUP, Macros), Google Sheets
- Machine Learning (Basic): Scikit-Learn (Regression, Classification, Clustering)
- Key Courses: Data Analytics, Statistics, Database Management Systems, Data Structures Algorithms

#### **PROJECTS**

## Healthcare Management System (Data Analytics & Predictive Modeling)

- Developed a **predictive analytics model** using **machine learning algorithms** to assist healthcare providers in improving patient care.
- Implemented **Python-based data processing pipelines** for handling patient records and generating insights.
- Used visualization tools (Tableau, Matplotlib) to present trends and improve decision-making.

### Car Rental Data Analysis (SQL & BI Tools)

- Designed a data analytics dashboard to track vehicle utilization, revenue, and customer preferences.
- Optimized SQL queries for data retrieval and business intelligence reporting.
- Utilized Power BI for creating interactive visual reports and enhancing data-driven strategies.

## **ACADEMIC SUMMARY**

Neil Gogte Institute of Technology 2019-2023

Bachelor of Technology, Computer Science and Engineering

Yadadri Junior College

Telangana State board of Intermediate Education, MPC

2017-2019

## **INTERESTS**

- Data Analytics & Business Intelligence
- Machine Learning & Predictive Analytics
- Data Visualization & Storytelling
